

# Week in Review - Release Notes for Week Ending 8/14/2020

Last Modified on 12/12/2020 2:51 pm EST

## Bug Fixes

- Display name for the Skype is consistent across different systems. (8/12)

## Enhancements

- The Patch Only and Patch All Except policy types now have an "Automox Supported Software" checkbox when you filter the Package List, so you can filter the list down to software packages that are managed by Automox. (8/12)
-
