

Issues with Zoom - Disabling Auto-Updates

To ensure that Zoom only patches through Automox, the user must disable auto-updates for Zoom.

Windows:

<https://support.zoom.us/hc/en-us/articles/201362163-Mass-Installation-and-Configuration-for-Windows>

macOS:

<https://support.zoom.us/hc/en-us/articles/115001799006-Mass-Deployment-with-Preconfigured-Settings-for-Mac>

If you are still experiencing unexpected problems with Zoom, please contact [Automox Support](#).
